

# ENTRANCE GATES

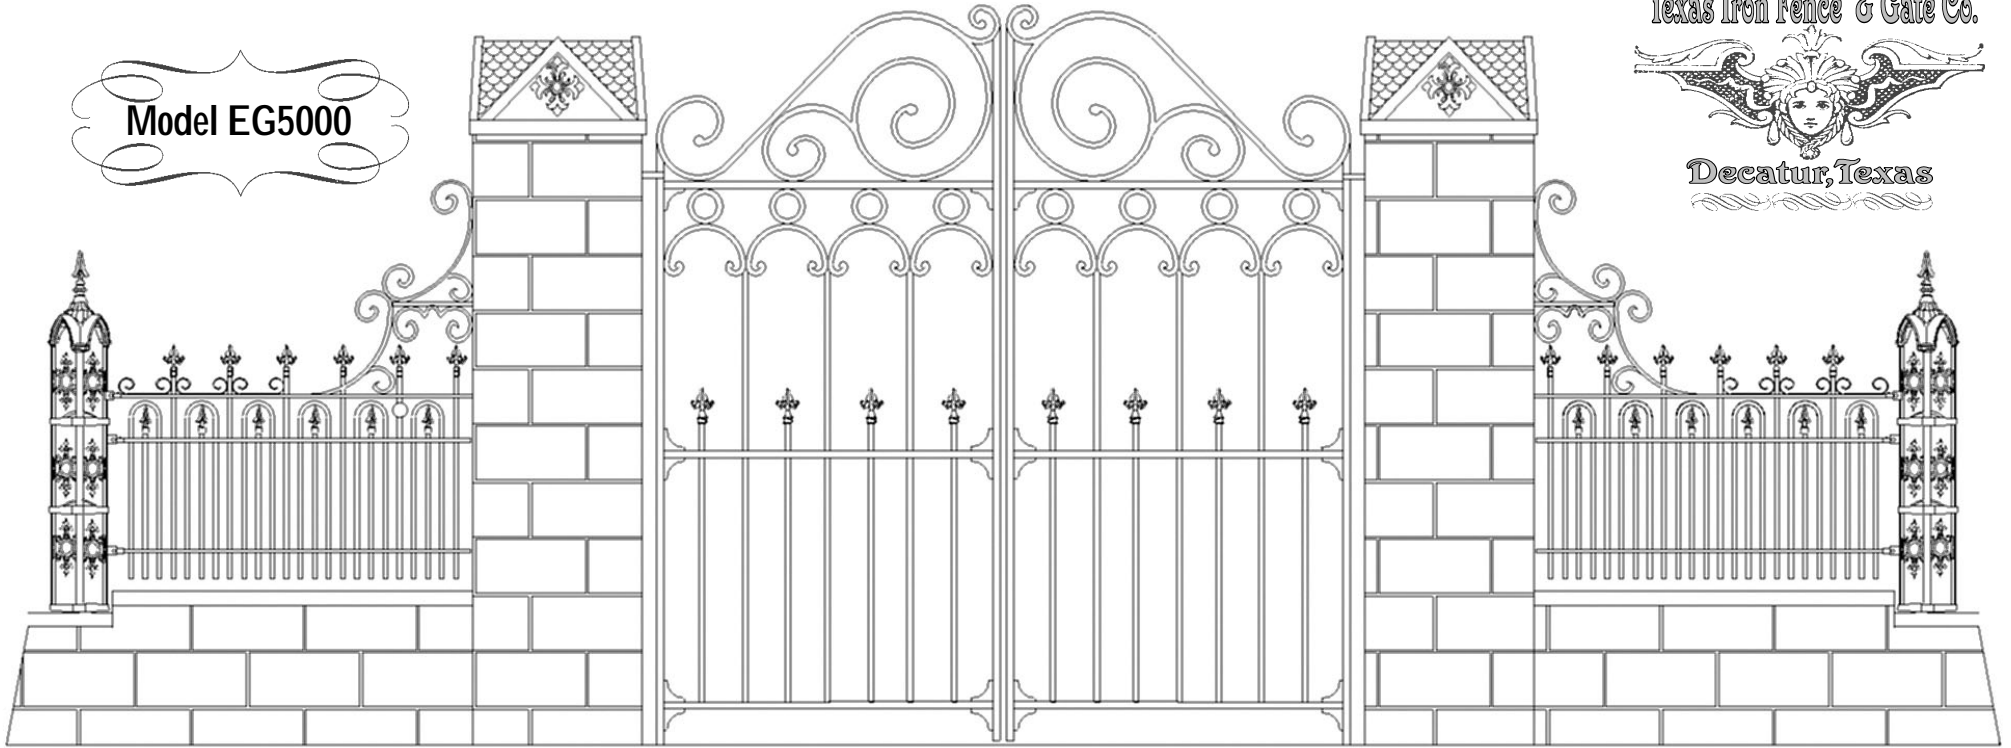

Texas Iron Fence & Gate Co.

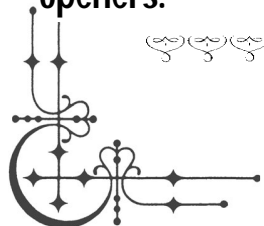

Decatur, Texas

Model EG5000

Our Drive Gates can be made from several different sizes of steel. The drawings contained herein are by no means all inclusive of the designs we offer. Theses illustrations are meant to impart an idea of some of the various entrance gate frames and profiles that we offer. We build entrance gates to match every style of fence that we make. We are happy to quote your design, or we will gladly design an entry way specifically for you.. We also deal in automated gate access systems. All of our gates are compatible with automatic openers.
